## IF YOU BUY

a heating stove without a reputation, because it is low priced, and you take it home and put a fire in it and it does not do the work as you think it ought to, what are you going to do?

There is trouble ahead, no matter what is done.

You know, or, if not, it can be proved to you, before you take a genuine Round Oak home, that it is absolutely the best of all heating stoves. It is guaranteed—you are not allowed to take any chances.

We, therefore, advise our customers that it is economy for them to buy the genuine Round Oak.

We know that, for soft coal, with the new hot blast it makes the finest fire ever seen in a heating stove; that it will also burn hard coal (with or without magazine) to your perfect satisfaction; also, coke or wood and it will last. How long do you think the ordinary cheap heating stove will stand up? There is a point it will pay you to look into.

Only the genuine has the name "ROUND OAK" on the leg.

**DEACON BROS. & CO.**

BUTLER, MO.

"This is the famous, genuine Round Oak, Fritz—the stove you heard about 'way over in Germany. It is conceded to be the best heating stove in the world. It is the most popular stove ever made and has the largest sale."

### Virginia Items.

He has two daughters teaching in the High School of that place, who are getting high wages and have for a number of years. Mr. Wert says he likes Bates county, but his family is in Lincoln, and old age is coming on, and he feels that it is his place to be with his family.

N. B. Clark, living near Altona, stayed with Aaron and family Friday night. Mr. Clark brought a few as fine apples as we have seen for many years. Mr. Clark moved here from Iowa two years ago. Harper, south of Virginia. They left for Kansas as soon as the good word was said to them by Virginia's good natured squire. Some people think we will have another tie-up soon, not very far from this town. Let joy go with them.

Jesse Hockett and wife, of Alkama on the Columbia river, about forty miles below Portland, Oregon, in the state of Washington, is visiting his brother, Thomas, at Virginia and old friends and neighbors have passed over to the beyond. He will visit his sister, Mrs. Crumley, in St. Clair county, and then return to Bates again for a short visit. We hear when he leaves here, he will go to Iowa for a short time.

Virginia is once more in possession of a doctor. He purchased the property of Roy Hockett by the side of the Christian Church. Dr. Smith is a promising young man. He says he has practiced six years.
